

THE TABERNACLE OF MOSES

“Perspectives of Process – God to Man / Man to God”

No electronic text file of this teaching is available. The teaching compares God’s perspective and man’s, how God revealed the tabernacle and the order that man built it in.

God’s revelation is the path of grace. He begins with the ark of the covenant and moves out to the courtyard.

The priests’ process of entering in is the path of faith. They enter through the gate and must pass by the brazen altar where sacrifices are offered for sin. Next is the brazen laver, representing cleansing through the Word, the Spirit, and baptism. Then came the holy place with its lampstand, table, and golden altar. Finally, one came to the vail behind which was the holy of holies and the ark of the covenant.

God moves out to us. We must walk through to Him.
